

Coylton Community Liaison Group Minutes

Project	Coylton Greener Grid Park Construction
Meeting	Community Liaison Group
Date	11.00 – 12.00 25 February 2026
Location	Online
Attendees	Kate Brown (KB), Statkraft - Community Liaison Manager Graeme Hannah (GH), Statkraft - Construction Project Manager Alex Baird Chair Ochiltree Community Council Annie Hood Clerk Ochiltree Community Council
Apologies	Councillor Drew Filson

Project Overview and Construction Updates

GH gave a brief update on the project and activities so far including completion of the transformer delivery which was delayed from the Autumn to December and its installation which is now also complete. He confirmed that project was going well so far and mainly on schedule.

Battery Units:

The cold commissioning of the battery units is ongoing.

Overall, there has been good progress and the project is mainly on schedule.

Upcoming work

- Cable pulling is complete across site with terminations ongoing.
- Energisation expected Spring 2026
- Completion expected Summer 2026.

Community Benefit Update

KB updated that the community benefit fund will close for 2026 in April. She also showed the leaflet that has been designed by Grantscape to advertise the fund and mentioned she would ask Grantscape to provide some to the community hub.

Discussion

Alex confirmed that there has been little to no comments on the project or any problems being reported locally. The main comments locally are regarding the number of projects being brought forward in the community.

Alex Baird asked about a possible visit to site which was discussed previously but SK advised later might be more appropriate as the construction site is less busy and there is more to see. KB to check with the wider project team and senior management about whether this would be acceptable.

Next meeting

Late June date TBC
