Grid Reference: 288864 963931 Distance to nearest turbine: 2306m AOD: 28m

This viewpoint is located approximately 9km west of VP3 at Reay.

Travel west from Reay on the A836 towards Melvich. Continue for approximately 9km crossing the bridge over the river. You will come to Loch Beag on your left and a lay-by on your right. Park here.

The camera location is at the northwestern end of the lay-by as shown in the adjacent photograph.

Extent of 50mm single frame image

Figure 6.16f
Viewpoint 5
A836 Melvich

Distance to nearest turbine: 2306m

Camera: Nikon D610

Focal Length: 50mm vertical (27°) x 28mm horizontal (65.5°)

Camera height: 1.5m

Date: 18/04/2019 14:35

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

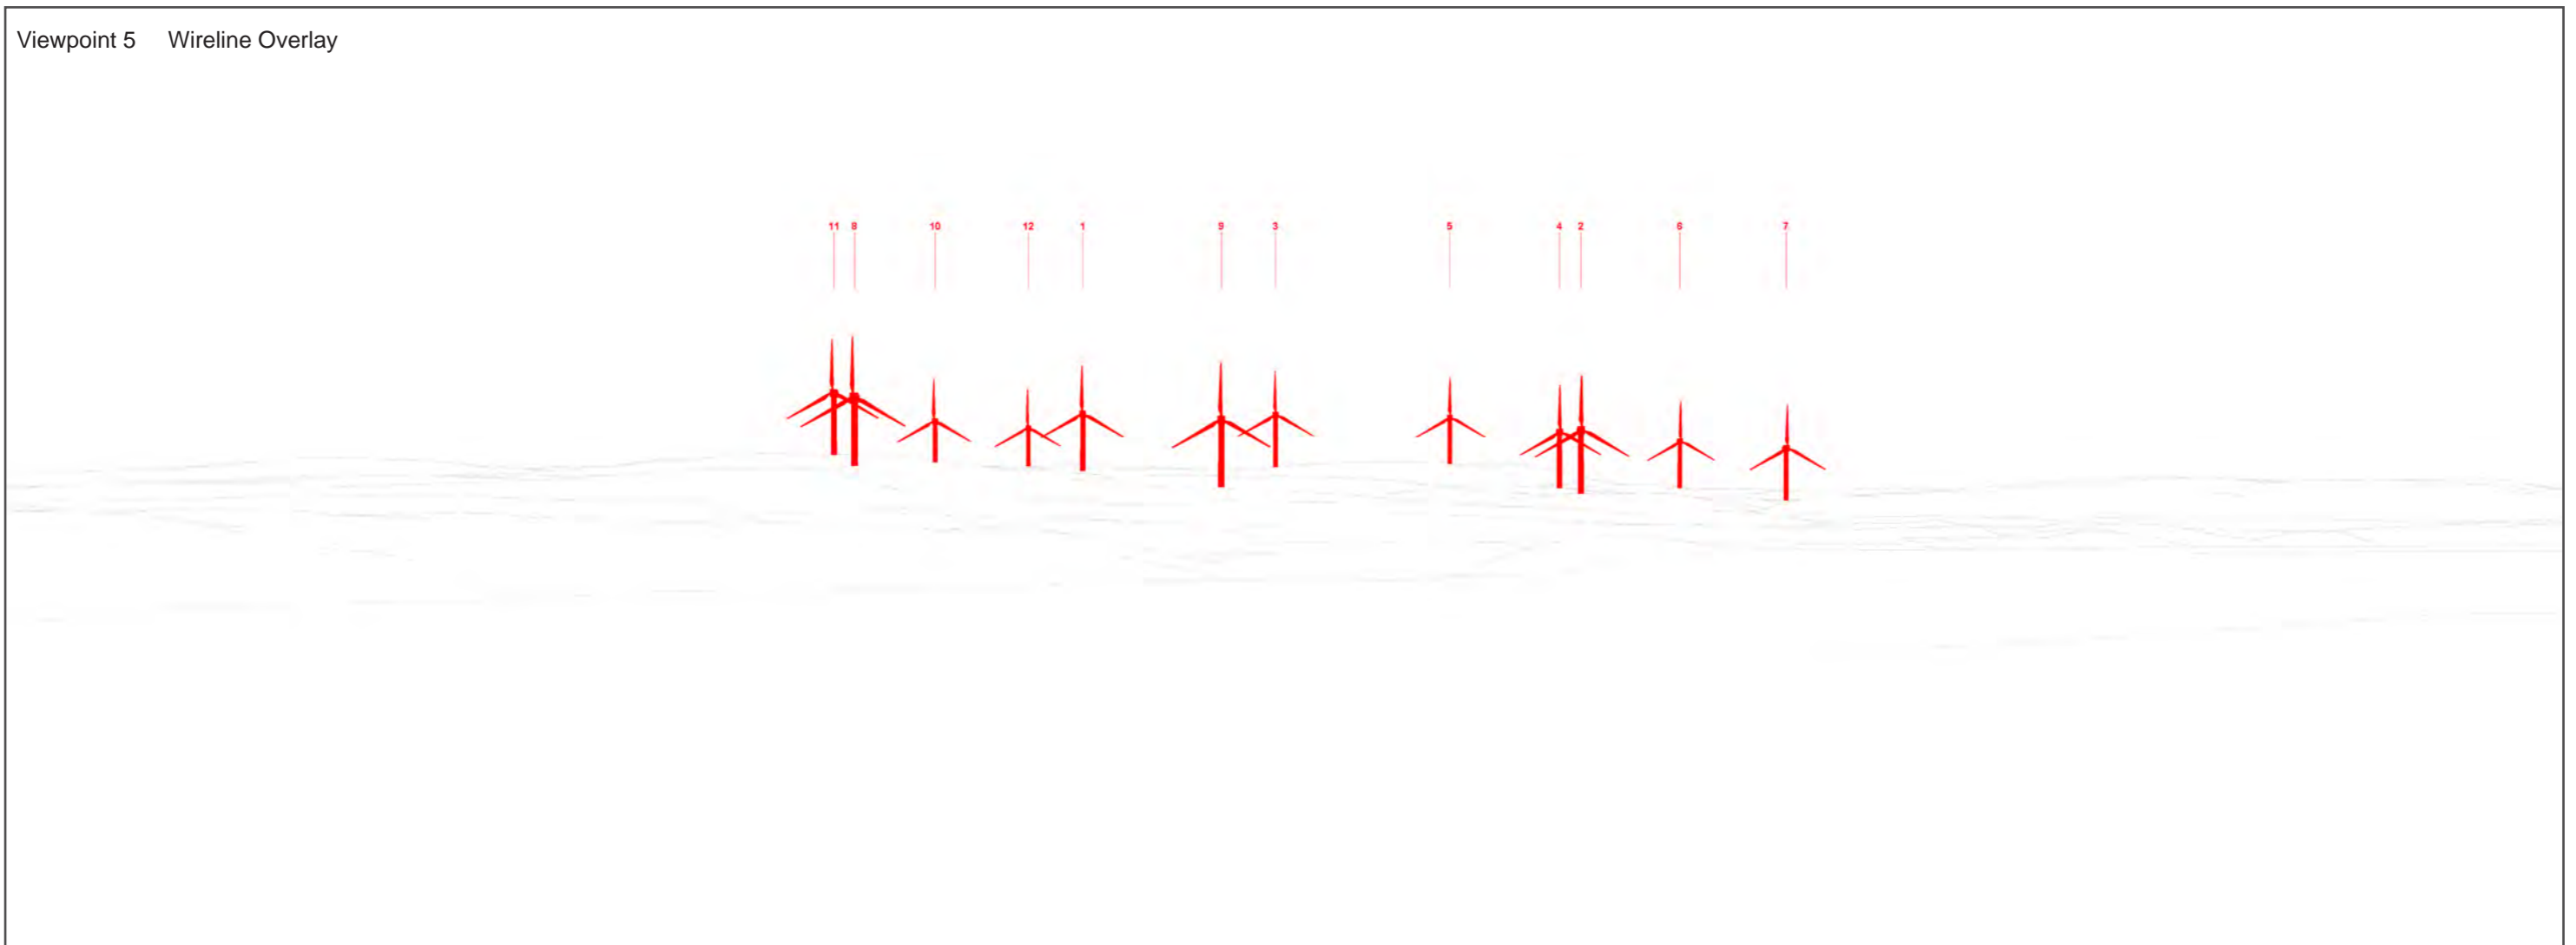

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
