Grid Reference: 290254 964075 Distance to nearest turbine: 1137m AOD: 45m

This viewpoint is located approximately 7km west of VP3 at Reay.

Travel west from Reay on the A836 towards Melvich. Continue for approximately 7km after which you will come to the large lay-by on your right. Park here.

The camera location is at the eastern end of the lay-by as shown in the adjacent photograph.

Extent of 50mm single frame image

A836 Lay-by

Distance to nearest turbine: 1137m

Camera: Nikon D610 Focal Length: 50mm vertical (27°) x 28mm horizontal (65.5°) Camera height: 1.5m Date: 18/04/2019 16:23

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
