

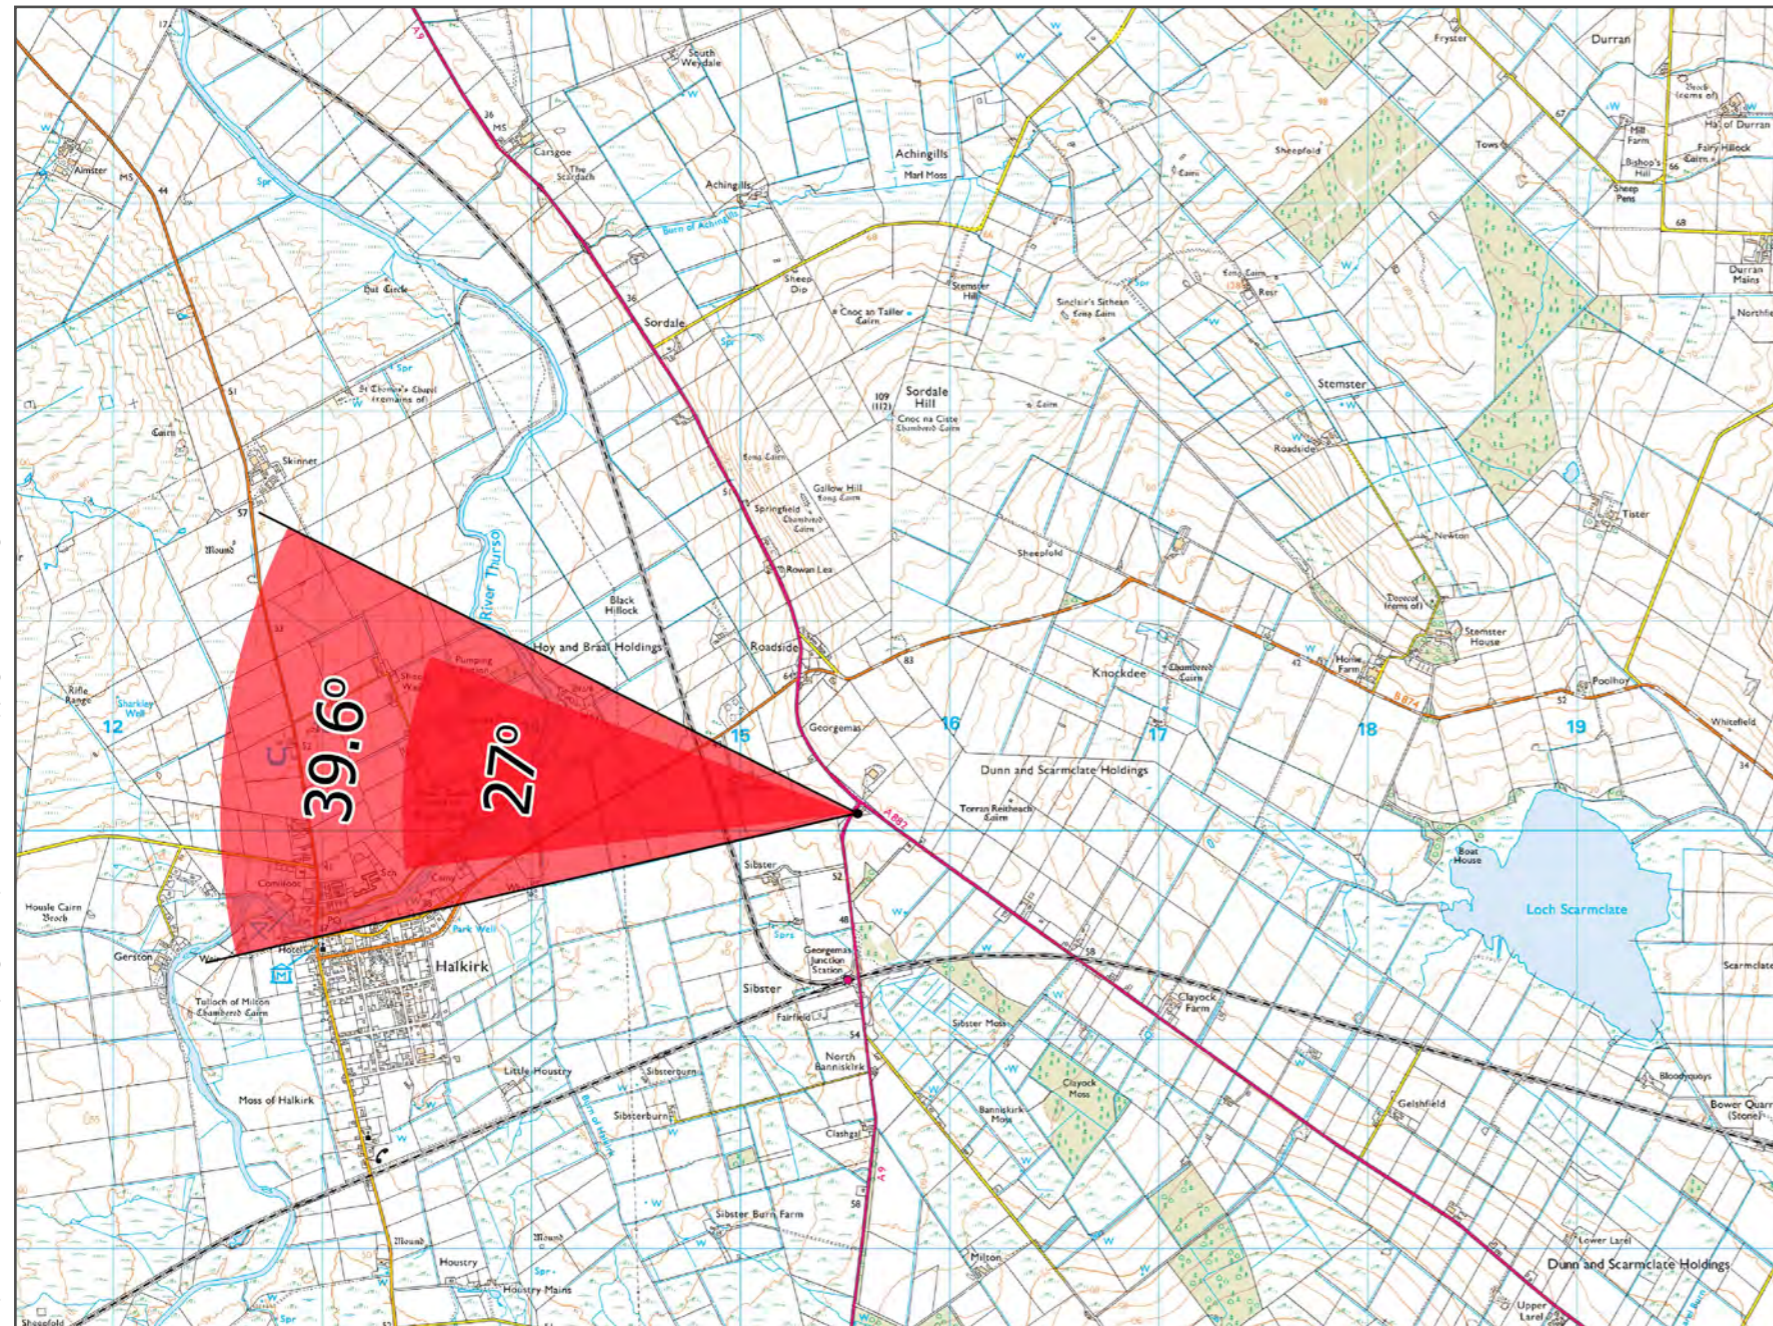

Figure 6.23g - Viewpoint 12: A9 A822 Junction, Georgemas.

Grid Reference: 315569 960082 Distance to nearest turbine: 23461m AOD: 66m

This viewpoint is located approximately 9km south of Thurso.

Head south out of Thurso on the A9 towards Inverness and Wick. Continue for 9km to the junction where the A9 continues off right and straight on becomes the A822 to Watten and Wick. Find a suitable location to park here.

The camera location is just down the A9 from the junction as shown in the adjacent photograph.

Extent of 50mm single frame image

Photomontage

A9 A822 Junction, Georgemas

Distance to nearest turbine: 23661m Camera: Nikon D610 Focal Length: 50mm vertical (27°) x 28mm horizontal (65.5°) Camera height: 1.5m Date: 15/07/2020 09:51

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
