

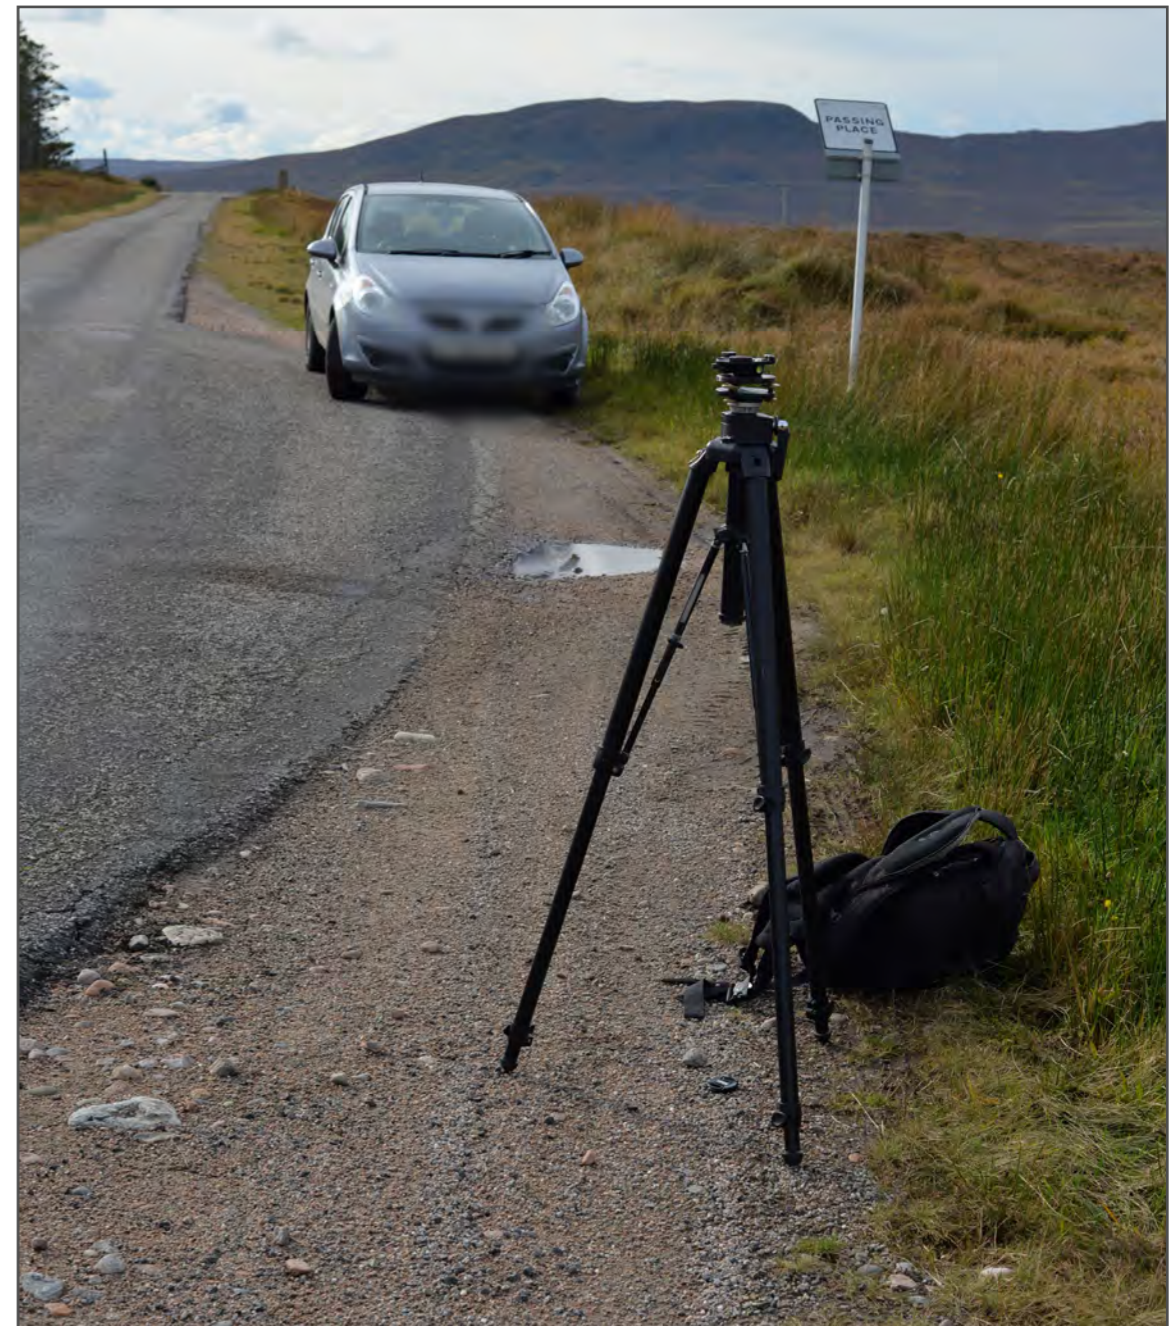

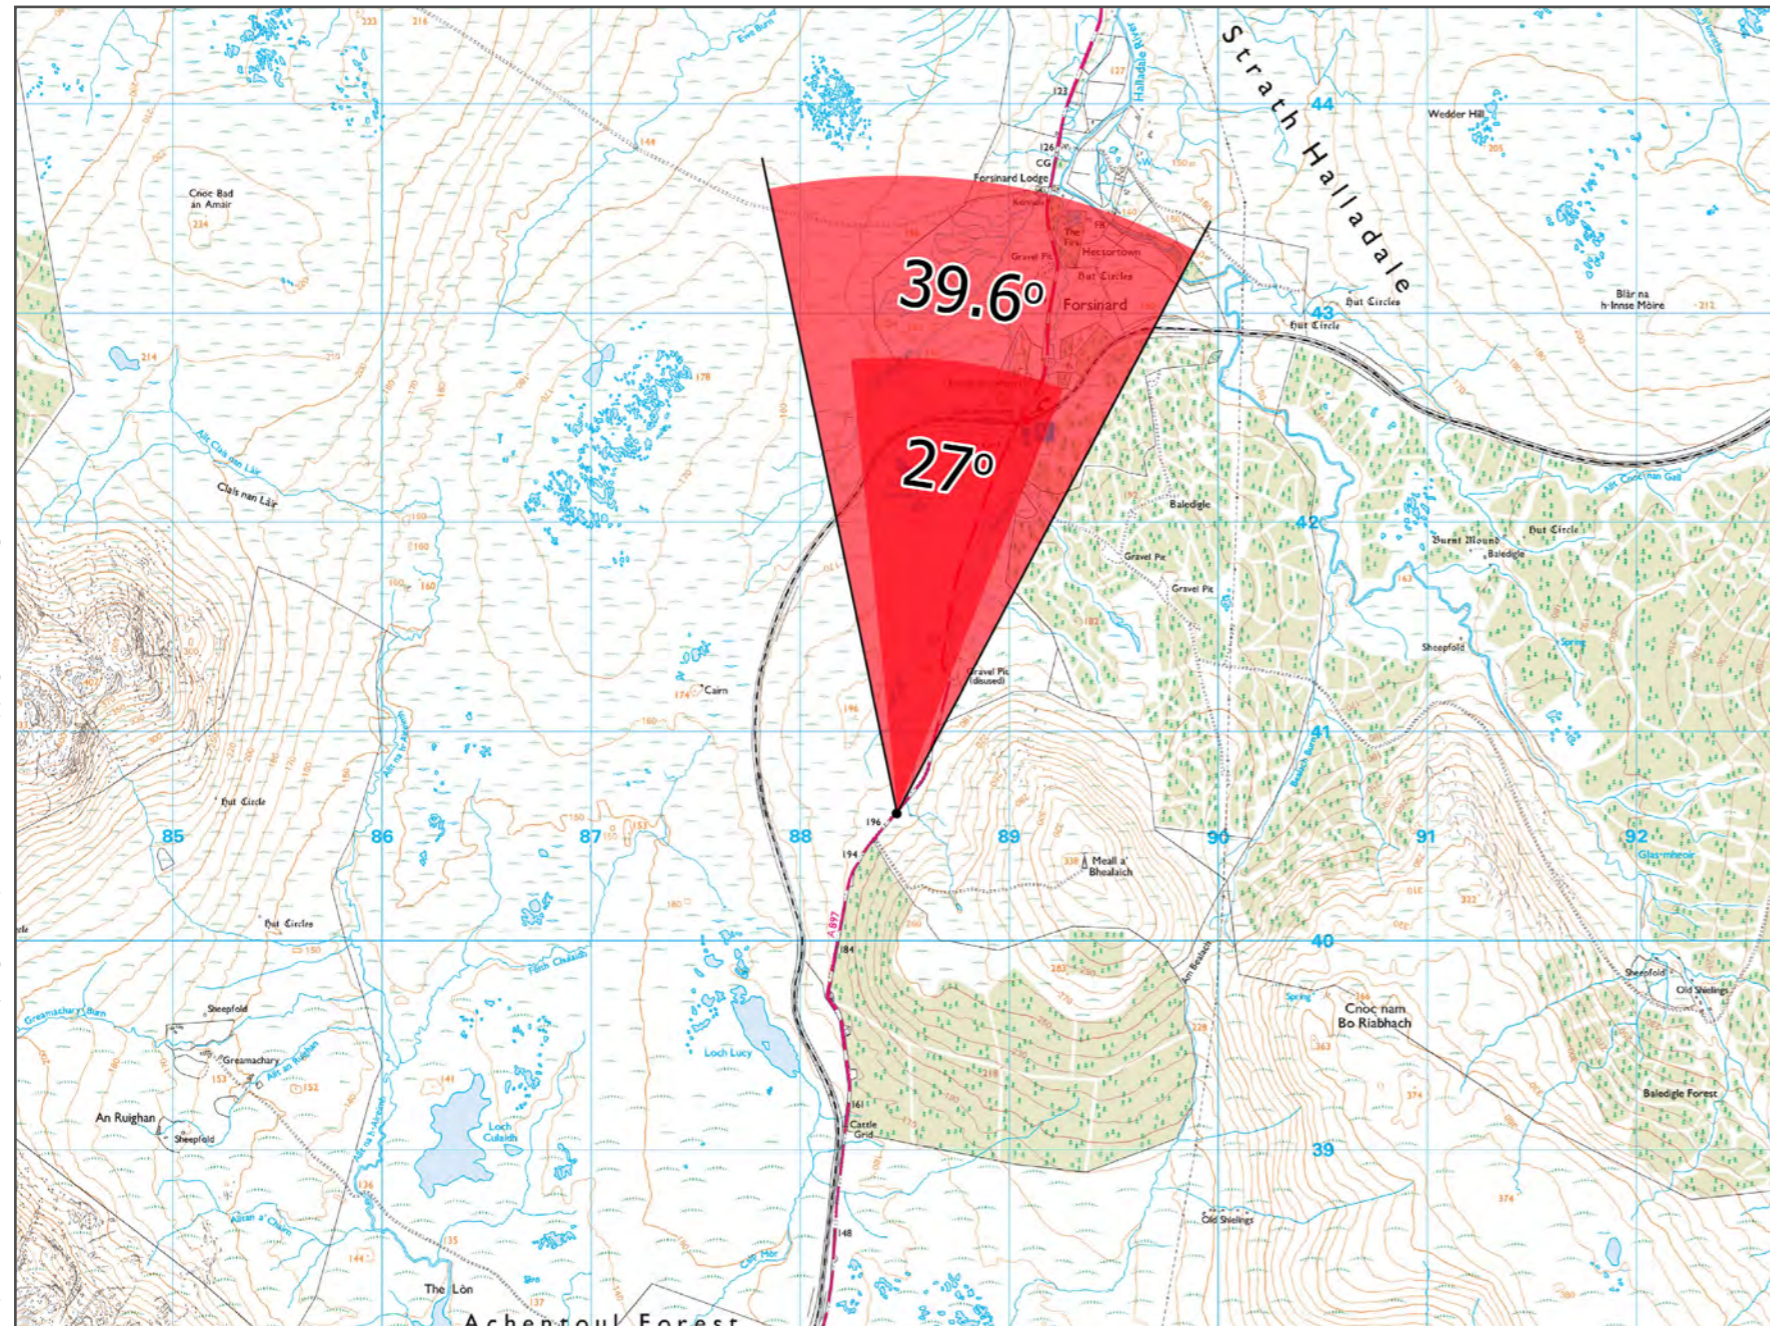

Figure 6.25g - Viewpoint 14: A897 Forsinard.

Grid Reference: 288461 940609      Distance to nearest turbine: 21296m      AOD: 194m

This viewpoint is located on the A897 approximately 19km south of VP8.

Travelling on the A837 west from VP4 towards VP5, take the turning off left signposted for the A897 Helmsdale. Travel for approximately 19km crossing over the railway line at Forsinard Flows. Continue up the road and you will approach a large bank of forestry rising up the hillside on your left. Just before it there is a passing place on the right. Park here.

The camera location on the roadside at the northeastern end of this passing place as shown in the adjacent photograph.

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
