This viewpoint is located approximately 18km southwest of Thurso.

Travelling on the A836 west from Thurso arrive at Reay. Pass the cemetery and golf course on your right and then continue past the small turning off right signposted towards Sandside Bay. Continue for approximately 250m after which the A836 starts to bend to the left. Just before it crosses over the stone walled bridge, turn left on to The Avenue. Drive towards the end and find a suitable place to park on the roadside near to Beinn Ratha Court.

Now on foot, walk south along the track past Achins and up the Sandside Burn valley until you reach the end of the track at a small ruined building at the edge of woodland.

From this point on it is strongly recommended that the user sources designated mapping for this walk. There are several websites detailing walks in this area.

The camera location is at the stone cairn as shown in the adjacent photograph.

Distance to nearest turbine: 4258m Camera: Nikon D610 Focal Length: 50mm vertical (27°) x 28mm horizontal (65.5°) Camera height: 1.5m Date: 08/07/2020 13:13

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
