DISCLAIMER

1. The base map used is Ordnance Survey 1:50,000 Scale Colour Raster. This product does not cover the full extent of the study area. Where gaps exist (open water), Ordnance Survey 1:250,000 Scale Colour Raster has been included. The cartographic variation between datasets has not affected any analytical outputs or assessment findings.

2. The ZTV analysis does not take into account the screening effect of vegetation, buildings and other surface features.

3. Predicted visibility based on a viewer eye height 2 m above ground.

4. Visibility calculated using Ordnance Survey Terrain 5 DTM on a 5 m Grid.

5. Effect of earth curvature and light refraction is included.
