

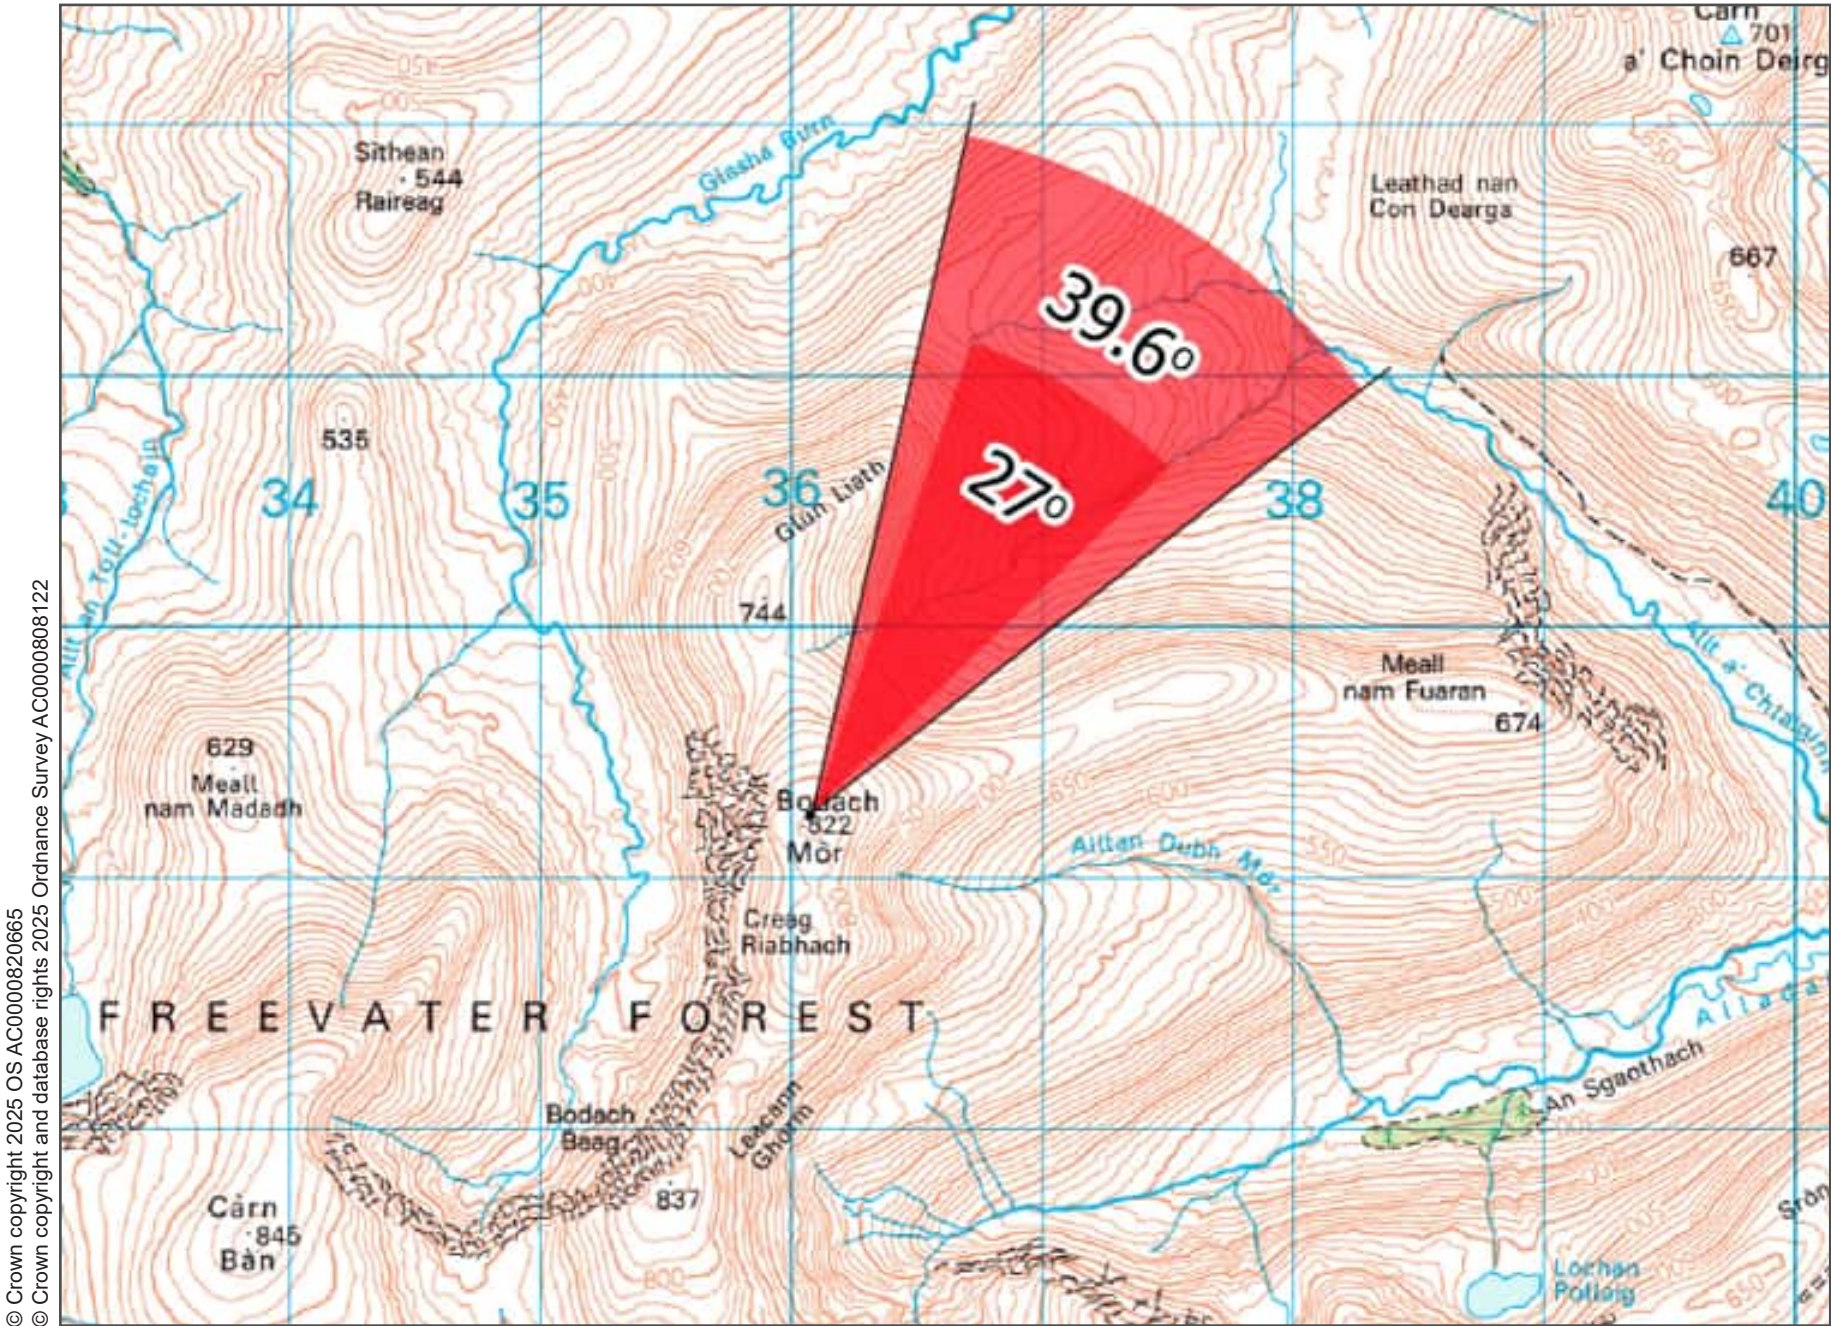

Figure 4.17g - Viewpoint 5: Bodach Mor Summit.

Grid Reference: 236072 889245 Distance to nearest turbine: 9.25km AOD: 821m

This viewpoint is located approximately 12km South of Oykel Bridge.

It can be reached either from Oykel Bridge or the track at Croick Church. From Croick Church travel northwest along the stone track for 3.5km until you reach the old sheep fold alongside the forestry and the small stream Ailtan Fearn. Find a suitable place to park here.

From this point on it is strongly recommended that the user sources designated mapping for this walk. There are several websites detailing walks to the summit of Bodach Mor and Creag Riabhach.

The camera location is just below the summit cairn as shown in the adjacent photograph.

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

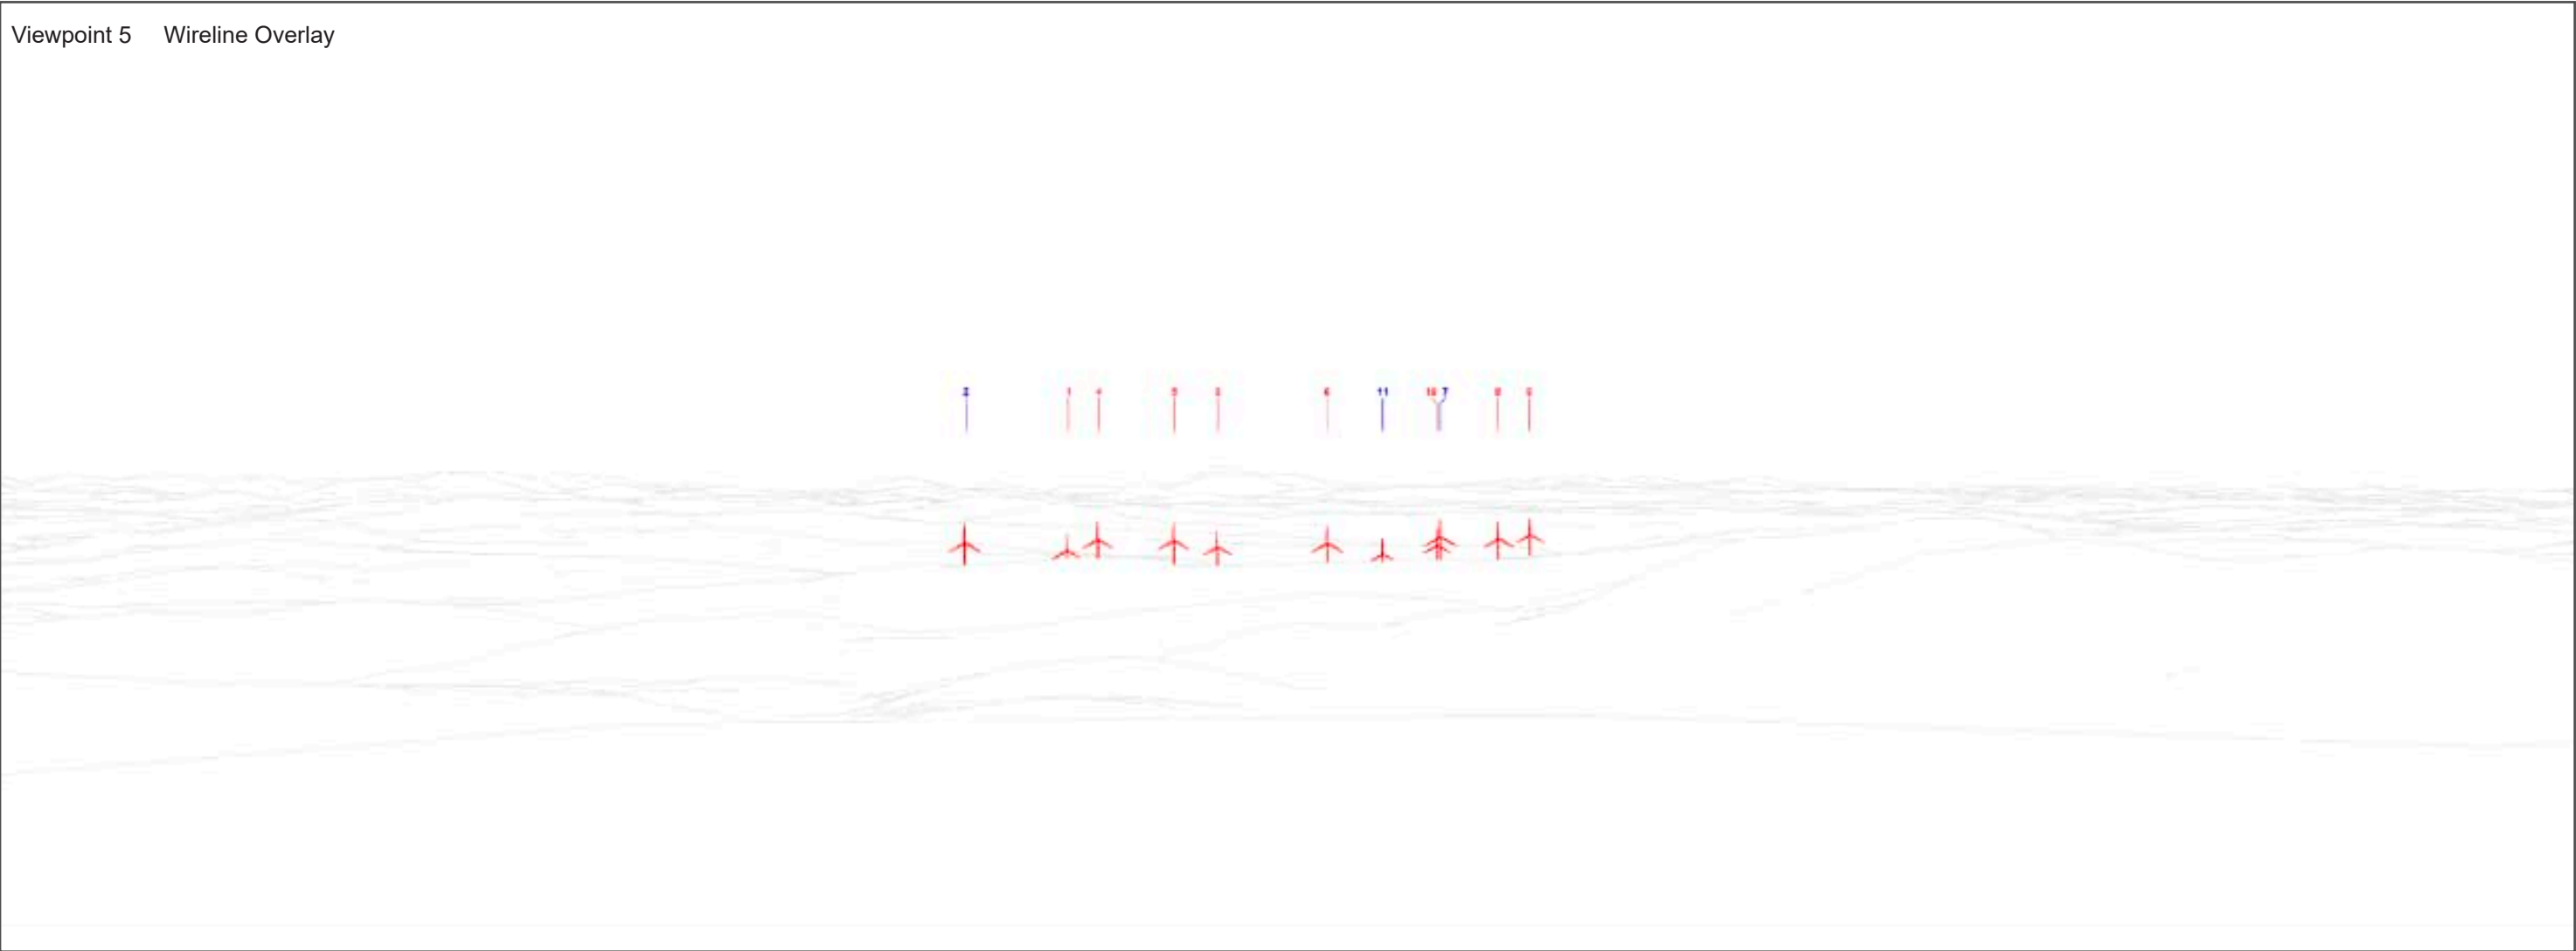

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
