This viewpoint is located approximately 10km Southwest of Bonar Bridge.

Travel from Bonar Bridge to Ardgay and take Chruch Street heading west towards Dounie and Wester Gruinards. Pass the entrance for Gruinards Estate on your right and then find a suitable place to park along this roadside.

Approximately 50m west of the Gruinards Estate entrance there is a track leading south up in to the woodland. Walk up this track. From this point on it is strongly recommended that the user sources designated mapping for this walk. There are several websites detailing walks to the summit of Carn Salachaidh.

The camera location is near the summit cairn as shown in the adjacent photograph.

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
