Grid Reference: 237235 897593      Distance to nearest turbine: 2.45km      AOD: 183m

This viewpoint is located approximately 3.5km Southwest of Oykel Bridge.

Travel from Ledmore on the A837 in a southeasterly direction until you reach Oykel Bridge. Pass the hotel on your left and immediately before the bridge, take the minor road off right. This turns in to a stone track. Stay on it for 1km and then keep left as the track bends left and crosses over the River Einig. Remain on the main track for 2.5km where you will round a sharp right bend that passes over a low wooden bridge. Just after the bridge there is a fork off left. Take this track off left and continue for 1.8km passing 2 or 3 tracks coming out from your right. You will then come to a fork in the track. Park here.

The camera location is at the fork as shown in the adjacent photograph.

Extent of 50mm single frame image

Distance to nearest turbine: 2.45km      Camera: Nikon Z6      Focal Length: 50mm vertical (27°) x 28mm horizontal (65.5°)      Camera height: 1.5m      Date: 17/07/2024 12:24

The images contained on this page and the following page are not representative of scale and distance from the actual viewpoint and show the wind farm development in its wider landscape context only.

For empirical testing, the wireline image on the next page can be accurately assessed in the field when converted to a transparency. If viewed with one eye at a distance of 300mm from exactly the same location and height as the original camera lens, the image will fit the real landscape cues.
