

Location | 1:20,000

Topography | 1:5,000

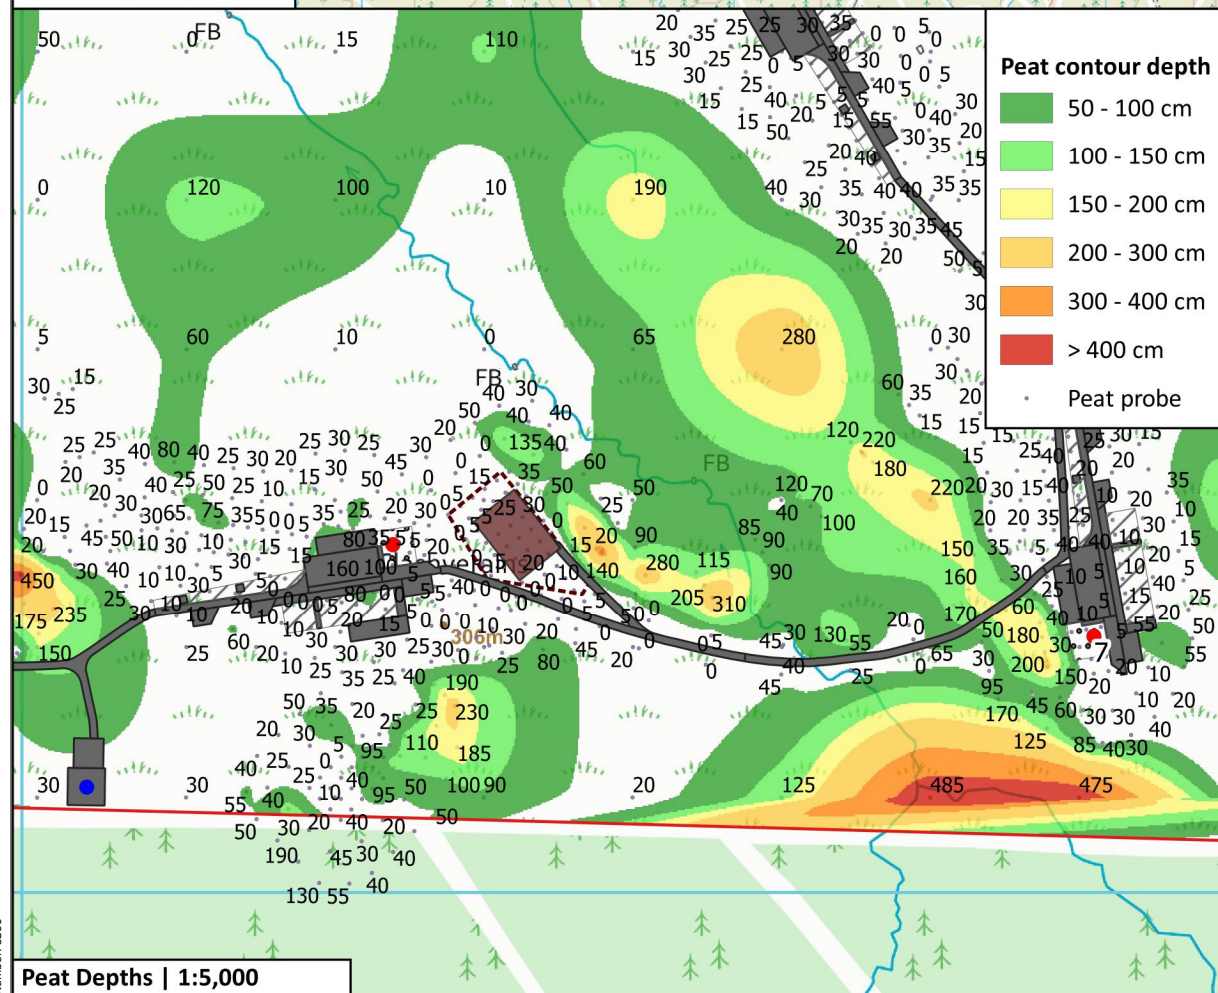

Contour data is OS Terrain 5

LEGEND

- Site boundary
- Met mast
- Wind turbine
- Site infrastructure
- Borrow pit search area
- Borrow pit

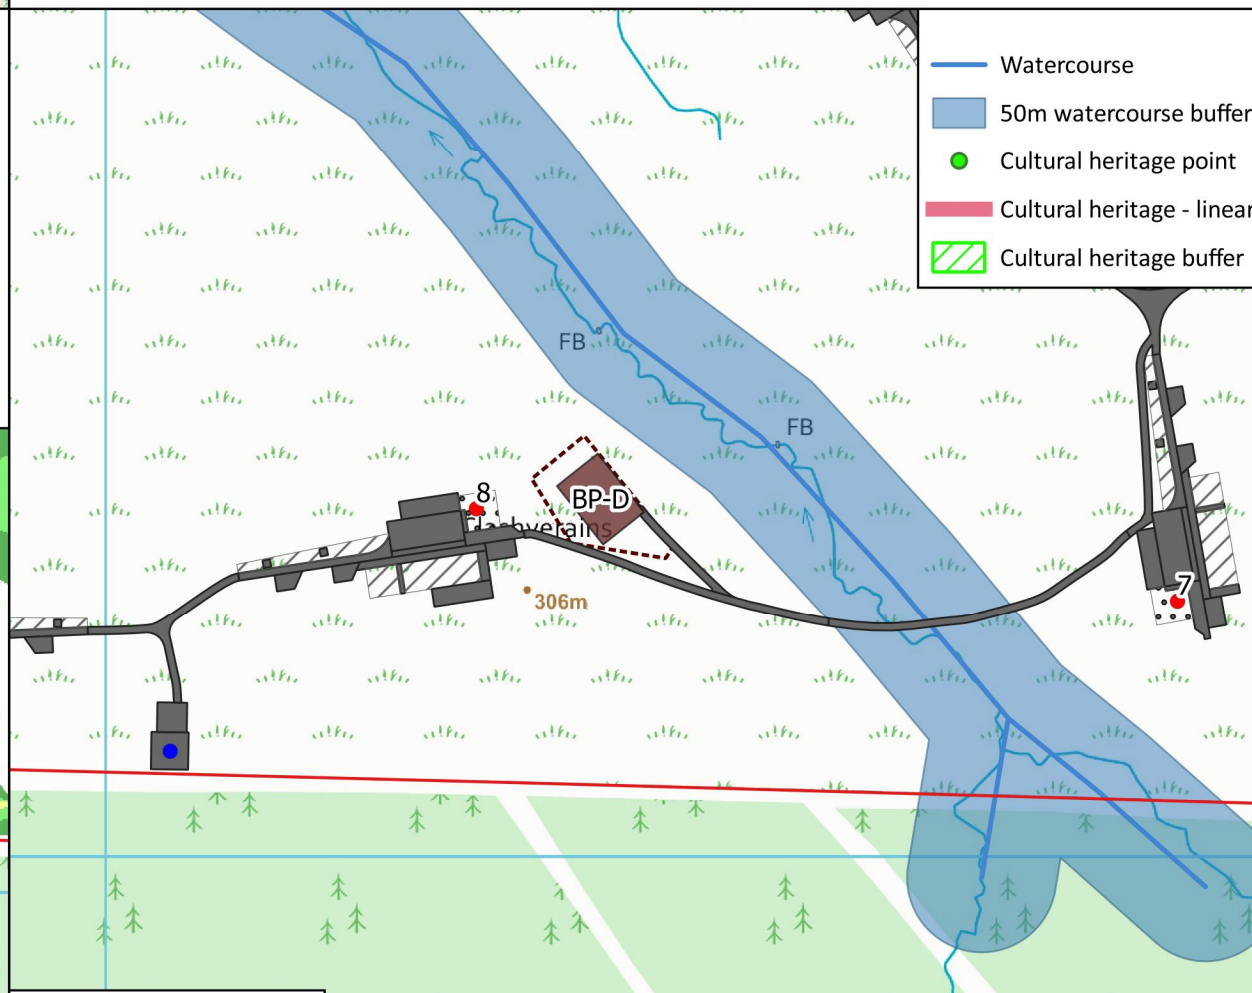

NOTES

Borrow Pit D
 NGR Reference: 237332, 599240
 Dimensions (m): 50 x 35 x 7
 Yield Volume (m³): 5,512.5

Peat Depths | 1:5,000

Peat probing indicates limited peat at the BPSA. Peat up to 30 cm deep was recorded. Contractor to implement mitigation measures to ensure deep peat adjacent to BPSA is protected.

Constraints | 1:5,000

EIA surveys indicate no sensitivities in this location.

Scale as shown @ A3
